

# EPS Express

Today I go to Noah's Ark. This is my first time to Noah's Ark. I am very excited. I see deer. There are many animals. But they are not real. I play games with my classmates. Today, I feel very happy.

P.1 Cobee

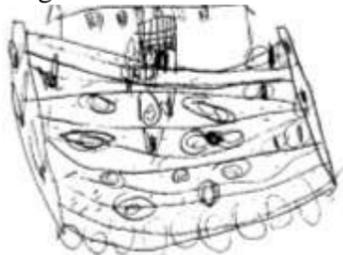

Today, my teachers, my classmates and I went to Noah's Ark. First, we went to the first floor to meet Mr. Wai. We played a "Rainbow Box" game. Then, we played another game. Some classmates wore eye masks and we taught them how to walk in the dark under our instructions. It was funny! At 12:00pm, we went to the open playground to enjoy our lunch. We had spaghetti and lemon tea. After that, we went to the park to play the rope games. Some classmates said, "It's very interesting!" At 2:35pm, we went back to school. We asked each other if we were happy. I thought we were all happy about this trip.

P.2 Ka Lun

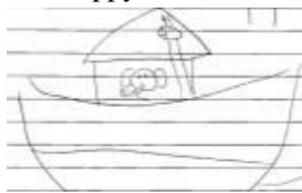

Today I go to Noah's Ark with my friends and teachers. I can see donkeys and deer. I play games with my friends. We watch a film about ocean creatures. It is funny! We have lunch together.

I am very happy. I want to go there again.

P.1 Sue Sue

I went to Noah's Ark yesterday. In the morning, we went to a place to play some games. It was fun. At noon, all of us had lunch together, the food was delicious. In the afternoon, we climbed the rope web. The first time, I was scared, but for the second time, I was not so scared. It was exciting. It was a special day. I learned how to cooperate with my friends and I learned more about Noah's Ark. I am so happy!

P.3 Lily

Today I went to the Noah's Ark with my friends. We went to Noah's Ark because we needed to prepare for the cross curriculum activity. At Noah's Ark, we played many games. It was interesting. At lunch time, I had lunch with Woody. At half past two, we needed to go home, so I did not have too much time to play games. I hope I can go to Noah's Ark one more time.

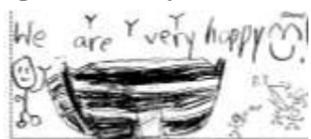

P.2 Jason

Today, I went to Noah's Ark with my classmates. It was a sunny day. We went to Noah's Ark by school bus. This was my third time traveling there.

I took part in many games. I liked Adventure Land the most. It was very exciting. In the Ark Life Education House, I joined many games, such as Smiley Face, Life Saver, and Trouble Is Coming. The games were very interesting.

I was very happy. I enjoyed today's experience very much!

P.3 Nick

Last Friday, all the students and teachers went to Noah's Ark. We took the same coach with Primary 5. But, the driver got lost. So we arrived there late. I felt angry because we only had a little bit of time to play. Then, we learned to climb with ropes. The trainers taught us how to play the games. We played four games there. Next, we went to Ark Life Education House. We played Rainbow Railway. Later, we had lunch. After lunch, we went to Treasure House. We played Music Wonders. At half past two, we went to school. I felt happy.

P.4 Candy Tong

I went to Noah's Ark last Friday. Noah's Ark is located in Ma Wan. We went there by school bus. I went to Noah's Ark with all my schoolmates. There are about 170 students in our school. Noah's Ark was an educational centre about the Bible story. We went to Noah's Adventure land to play games. We went to Ark Life Education House to learn Biblical knowledge. We had lunch at the basketball court. Then we went to Treasure House to play games again. Finally, we went back school at 2:30pm. I was very happy on this trip and I would like to go there again next time.

P.4 Aiden

Today, I went to Noah's Ark with all my classmates. Why do we need to go to Noah's Ark? It is because our cross-curriculum activity topic of this year is about Noah's Ark.

When we arrived there, I felt very happy and excited. First we played on the rope courses, I felt a little bit scared. Then we went to Ark Life Education House. I like the game "Trouble is coming", because we didn't know what things would fall down. Next, we ate lunch together in a very big basketball court. After that, we went to Treasure House, we played many games there.

I thought the special thing was Life Saver, because we needed to close our eyes and do many things, like drawing a heart on the other person's face and hands. Finally, I learnt more about how Noah built the Ark. During the whole day, I felt very happy. I want to go to Noah's Ark again because there are many interesting things there.

P.5 Neona

Yesterday, my school went to Noah's Ark because we have a cross-curriculum activity. We took a tour bus to go there.

We arrived at nine o'clock. The guide introduced Noah's Ark's history and activities. First we played ropes and we went into the Ark to play a lot of games. At noon, we had lunch in the playground. After finishing lunch, we played the games again. I felt the most special game was "Avoid the Obstacle" because it was excited and a lot of fun.

After this activity, I learnt many things, such as that you need to be cooperative to be successful and have good friendships. I would love to go there again in the near future.

P.5 Toby

Today, our school went to Noah's Ark, which is the exact size as in the bible. It's 450 feet long, 75 feet wide, and 45 feet high. This morning, we went to school at 8 o'clock. Then, we went on the coach and arrived there at half-past nine. Our class played three games. The games were so fun.

The first game we played was climbing rope. It was dangerous but we didn't feel scared. My partner was Jasmine. She helped me a lot. In this game, we learnt how to cooperate.

I felt excited when I played the second game. In this game, you needed to wear a raincoat and go into to a room. The room had four ropes. You needed to pull one and some water or balls would fall on you! Everyone in our class felt very excited.

The third game was my favourite-drawing. We were divided into four teams. One member went out and read a picture secretly. Then, they described it to us but we couldn't say any words. We also needed to draw out the picture. Although it was difficult, we all liked it.

This Friday, we learnt a lot of things such as how to help people in difficult times and cooperation. I hope I can go there again next year with my parents.

P.6 Fiona

Today, I went to Noah's Ark with my classmates and teachers. We were very happy.

When we arrived there, we took part in a rope course adventure. We played it after we listened to a man telling us the story about Noah. I was a little disappointed because I couldn't play one of the games that I wanted to play very much.

Next, we went to a museum by the name of "Ark Life Education House". We had a lot of fun there. I liked the "Building a Building". Fiona, Jasmine, Lisa, Valerie, Gloria, Maggie and me were in my group. Harriel and I needed to pick the paper to give the group members. It was very exciting.

Then, we had our lunch in a basketball court. We all ate happily. The rice was all eaten by me.

Finally, we went to the other museum named "Treasure House". We played a lot of games there. I liked this activity most.

We all felt very happy because we could learn more about the Bible. I felt very happy, too.

P.6 Noel

I would like to introduce a book called "The Naughty Baby Beli" to all of you. I like this book because the book is funny and the book cover looks good. The story is about a big polar bear and a small polar bear. The little polar bear is smart. That's why I like this book. If you want to read this book, you can go to the library and borrow it.
