Principal Lau reported that there would be a repaint work in the school during summer holidays in order to provide a better learning environment for students.

Ms Roqia Niaz reflected that she had received some parents' concerns about the cleanliness and the flushing system of toilets. Principal Lau responded that the toilets are in standard design and equipped with flushing strings. The school would change the flushing strings into handles so students would be able to flush the toilets after use.

Principal Lau suggested that a clean up activity for the school would be held in the last day of the school year. All students have to join in order to nurture the sense of responsibility about cleanliness.

The meeting ended at 3:30 pm.
